Hi Chuck – Sure! I assume you want a representative number of photos rather than a photo of each sampler. Let me know if you meant you needed a photo of each sampler. Thanks, Chris

Chris,

I won't be available that day. Can you send site photos of the deployed units?

Thanks

Chuck

**Subject:** Area 40 Radiello Deployment Part Deux

Hi Everyone – Due to the failure of the protective covers for the radiello sampling devices during the February sampling event, the samples were cancelled (except for locations 1 and 2, above the source areas, where radiellos were not affected). We are planning to re-deploy the radiello sampling devices at Area 40 next Wednesday, March 11. Please let me know if you would like to oversee deployment or deploy QA/QC sampling devices.

Chris
